## Ramakrishnan Ambravaneswaran

has successfully completed a free online offering of

## The Threat of Nuclear Terrorism

Participants in this course studied the threat of nuclear terrorism with former Secretary of Defense William Perry and a team of international experts by viewing lectures and completing assessment questions. Topics included the identity and aims of terrorists; nuclear proliferation; how terrorists could get a bomb; consequences of a nuclear attack; and strategies to decrease the likelihood of one.

  
**William J. Perry**  
Professor Emeritus  
Management Science and Engineering  
**Stanford University**
